Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. Continuation of 4(e) Other:

In order to further clarify the Examiner's finding of non-compliance, the following discussion provides additional details. In particular, the amendment is non-compliant since the changes to the claims made in the amendment filed on September 5, 2007 have not been incorporated in the newly amended claims. Specifically, the amendment to claim 28 in the September 5, 2007 amendment includes the wording "on a tangible computer readable medium". This wording has not been indicated as being deleted from the currently amended claims. Thus, it is not clear if this limitation is still part of the claim language. Similar wording found in claims 39 and 47-50 of the September 5, 2007 amendment has also been omitted from the present amendment. Applicant is required to submit a new claim listing of each claim including the amendments made in the previous responses. It is noted that the after-final amendment filed September 27, 2007 has not been entered.
